RE: School of Computing and Informatics Technology

3rd Year Proposal Presentation for Computer Science Held on 20Dec 2017

Group Number: **CS 18-02**

Course : CS

Title :Aprogramming Assignment Autograder for model

Panel Members:

2. Bitwire Albert   Member

3. Jonathan Kizito   Member

Secretariat:

1. Sulwa Sandra

Panel Comments;

1. The methodolodgy is not in line with the objectives
2. All headings should be in title case
3. Each specific object must be contributing to the main
4. Your specific objectives should start from the process of creating the system but not installing steps,ishould see design in the objective
5. Your document is poor
6. Looking at some of the existing systems in your literature
7. Put atable comparing the systems
8.
9.
10.
11.

Agreed: Approved with minor corrections

C.C Supervisor, Lule Emmanuel
